As per the Income Tax Act, 1961 ("IT Act"), as amended by the Finance Act, 2020, dividends paid or distributed by the Company after 01st April, 2020 shall be taxable in the hands of the Shareholders. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making payment of the said Dividend. For the prescribed rates for various categories, the Shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%. However, no tax shall be deducted on the dividend payable to a resident individual shareholder if the total dividend to be received during a Financial Year does not exceed ₹ 5,000/-.

Resident Individual Shareholders with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source.

Non-Resident Shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, self-attested copy of Pan Card or any other document which may be required to avail the tax treaty benefits.

Shareholders holding shares under multiple accounts under different/status category and single PAN, may note that, higher of the tax as applicable to the status in which shares held under a PAN will be considered on their entire holding in different accounts.

The requisite form for claiming tax exemption can be downloaded from the website of the Company at www.amjland.com.

The aforementioned documents (duly completed and signed) are required to be uploaded on the website of KFin Technologies Limited ('KFintech') the Registrar and Transfer Agent at <https://ris.kfintech.com/form15> or by sending hard copy of the said documents at the registered office of the Company through registered post/courier before 04th August, 2022 in order to enable the Company to determine and deduct appropriate TDS/Withholding Tax. The Shareholders may note that, incomplete and/or unsigned forms and declarations will not be considered by the Company. No communication on the tax determination/deduction shall be entertained after 04th August, 2022.

The Shareholders may note that in case tax on dividend is deducted at a higher rate in the absence of receipt of any of the aforementioned details/documents from the shareholders, the shareholders may consider filing their return of income and claiming an appropriate refund, as may be eligible. No claim shall lie against the Company for such taxes deducted.

The Company shall arrange to e-mail the soft copy of the TDS certificate to shareholders at the registered e-mail id within the prescribed time, post payment of the said dividend, if declared in the AGM. The details of TDS deducted can also be viewed in Form 26AS at TRACES <https://www.tdscpc.gov.in/app/login.xhtml> or the website of the Income Tax department of India at <https://www.incometax.gov.in/home>

In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the Shareholder/s, such Shareholder/s will be responsible to indemnify the Company, and also provide the Company with all information/documents and co-operation in any assessment/ appellate proceedings before the Tax/Government authorities.

AMJ LAND HOLDINGS LIMITED

OPERATIONS :

The Company has witnessed encouraging results by achieving Profit After Tax of ₹ 837.75 lakhs as against ₹ 465.37 lakhs in the last year. One of the main reasons for this improved performance was launch for sale and construction of new 7th residential Tower comprising of 124 apartments in "GREENS" at Thergaon, Pune by AMJ Land Developers (earlier known as Pudumjee G:Corp Developers), a Partnership Firm in which the Company shares 95% of its profits. This Partnership Firm, as stated in last year's report, was reconstituted in terms of which the Company has increased its stake from 60% to 95% with effect from 1st April 2021 and assumed control of its operations. Consequently, in the accompanying accounts, the Firm is recognized as Subsidiary as against a Joint Operation in compliance with relevant applicable accounting standards.

The Directors are also happy to inform that in view of encouraging response of customers consequent to the goodwill generated by the project GREENS since inception, plans are under preparation for 8th residential Tower in the same complex of GREENS. Barring unforeseen circumstances, this 8th Tower is expected to be launched in later part of next year.

A wholly owned subsidiary Company namely; AMJ Realty Limited, has been incorporated with the objective of engaging only in real estate development. This subsidiary is in advanced stage of purchasing a plot of land where residential development of about 3,00,000 sq. ft. is proposed to be carried out and in all probability may launch this project for sale in financial year 2023-24.

The "GREEN VILLE" project continues to be put on hold as the matter concerning inapplicability of repealed Urban Land Ceilings Act awaits certainty from Court of Law.

The three wind power plants which the Company owns, has generated in aggregate 60.86 lakhs of kwh units of saleable power (as against 55.21 lakhs kwh units in last year). The power generated therefrom is majorly supplied to the State Electricity Distribution Company in view of imposition of higher levies on power supply under Open Access arrangement to other customers.

PERFORMANCE AND FINANCIAL POSITION OF EACH OF THE SUBSIDIARY, ASSOCIATES AND JOINT VENTURE COMPANIES :

Pursuant to Rule 8 of the Companies (Accounts) Rules, 2014, the information on the highlights of performance of Subsidiary, Associates and Joint venture Company and their contribution to the overall performance of the company during the period under report is provided in Annexure-1 of this report.

ANNEXURE-7 REPORT ON CORPORATE GOVERNANCE

The Directors present their Report on Corporate Governance as required by the SEBI guidelines and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015:

Company's Philosophy on Code of Governance:

The Company's philosophy on Corporate Governance envisages transparency with integrity in all its dealings with its Stakeholders including Shareholders, Employees, Lenders and Others.

Code of Conduct:

In tune with the corporate philosophy stated in the preceding para, the Board of Directors of the Company in its meeting held on 29th October, 2005 laid down a Code of Conduct for all the Board Members and Senior Management Personnel of the Company in terms of the requirement of clause 49 of the Listing Agreement and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as 'Listing Regulations'). The Code of Conduct is displayed at the Company's website www.amjland.com. Affirmation regarding compliance with the Code of Conduct had been obtained from all Board members and senior management personnel of the Company. As required, a declaration duly signed by the Whole Time Director & CFO to the effect is appended.

BOARD PROCEDURE:

Board Meetings are held about four-five times a year. Detailed Agenda is sent to each Director well in advance of the meetings. The Directors are briefed at each Board Meeting regarding performance and working by the functional heads. In addition to matters statutorily requiring Board's approval, all major decisions of policy, strategic formulations, capital expenditure, new investments, major accounting policies are considered by the committees and/ Board. Board periodically reviews all the compliances of applicable laws affecting the Company.

MANAGEMENT DISCUSSION AND ANALYSIS:

The Company is primarily engaged in the business of real estate development in Pune and generation of power from its three wind mills aggregating to 4.6 MW, in Maharashtra.

The industry of real estate development has, in general, performed well inspite of the second wave of Covid pandemic during the financial year 2021-22. Pune being an Information Technology hub, the residential market is expected to continue to show steady growth inspite of "Work From Home" (WFH) culture. It is observed and experienced that this WFH culture has enabled higher demand of larger sized apartments. The current prevailing high prices of certain commodities together with other inflationary pressures and higher interest rate regime will on the one hand, increase cost of construction and may also on the other, temporarily affect the demand adversely. The Management is looking into areas as to how cost of construction can otherwise be reduced so to address part of cost increase.

AMJ Land Developers, a Partnership Firm, in which the Company has 95% as its profit share since 1st April 2021 (earlier 60%), has launched and commenced construction of 7th residential Tower in GREENS, during the year. The goodwill and consequent references generated by the 61 no. of customers of earlier Six Towers made its sales to progress rapidly resulting in aggregate booking of about 75,000 sq. ft. of the area out of total booked area of 99,010 sq. ft.

Following Percentage Completion Method of Accounting of the firm, the current year's accounts include a Profit After Tax of ₹ 315.49 lakhs as against last year's share of loss ₹ 28.08 lakhs.

AMJ LAND HOLDINGS LIMITED

The firm also has plan to launch 8th residential Tower of larger size apartments in the GREENS complex of about 12 acres. This Tower is expected to be launched towards the end of next financial year.

AMJ Realty Limited has been incorporated during the year as a wholly owned subsidiary Company which is expected to take up all real estate developments other than those which are being carried out in GREENS under the existing Partnership arrangement.

A part of land and buildings owned by the Company at Pune is leased on Leave & License basis to Pudumjee Paper Products Limited (PPPL). The Company has, in respect of its entire land, approached Court of Law for determining inapplicability of the repealed Urban Land Ceilings Act.

The power generated by two of the three wind mills, is supplied to Maharashtra State Electricity Distribution Company Limited (MSEDCL), a State Discom, whereas the power from third one is supplied to an industrial consumer under Open Access arrangement. In view of levy of stiff Cross Subsidy Surcharge (CSS), Additional Surcharge (ASC) and other levies together with the applicability of electricity duty is not beneficial to the Company to supply power to the industrial consumers and therefore have discontinued supply to them under Open Access arrangement. The power generated from third wind mill, however, is for the time being supplied to consumers which may necessitate frequent changeover of customers or ultimately may have to be supplied to State Discoms.

The Company's accounts indicate segment-wise financial performance.

The existing Internal Controls of the Company are periodically reviewed by the Audit Committee and are considered quite adequate.

INDEPENDENT AUDITOR'S REPORT

To The Members of AMJ Land Holdings Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of AMJ Land Holdings Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Loans given to associate company - classification, measurement and impairment</p> <p>The Company has given loan to Biodegradable Products India Limited (<i>formerly Pudumjee Plant Laboratories Limited</i>) (the "associate company") in previous years and total loan outstanding as on March 31, 2022 is ₹ 2,193.80 lakhs. The same is classified as "Loans" in "Current financial assets" and measured at amortised cost using effective interest rate based on management's estimate.</p> <p>Management has evaluated and concluded that such loan is not long-term interests that, in substance, form part of the Company's net investment in the associate company.</p>	<p>Our procedure included, but were not limited to the following:</p> <ul style="list-style-type: none"> We considered the business model and terms of the financial assets considering rights and obligation of the Company and the associate company. Obtained independent valuation report containing valuation of assets, including investment properties, of the associate company. Assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management. Assessed reasonableness of the assumptions used and future business plans of the business of the associate company's management.

Based on the valuation report of the valuation specialist engaged by the management, and based on management estimate, no impairment considered necessary for the investments made in associate company.

Refer note 5(c) and note 24(a) of the standalone financial statements.

- We have considered the managements representation regarding obtaining future planned repayment of the short term loan given.
- We have assessed the appropriateness disclosures given in the standalone financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report but does not include the standalone financial statements and our auditor's report thereon.

The Annual Report is expected to be made available to us after the date of our auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, the profit and total comprehensive income, changes in equity and its cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that

a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 read with Schedule V of the Act.
 - (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in the financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded

in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The dividend proposed in the previous year ended March 31, 2021, declared and paid by the Company during the current year ended March 31, 2022 is in accordance with Section 123 of the Act, as applicable.
- vi. The Board of Directors of the Company have proposed dividend for the current year ended March 31, 2022 which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in the Independent Auditors' Report of even date to the members of AMJ Land Holdings Limited on the standalone financial statements as of and for the year ended March 31, 2022

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment property
(B) The Company does not hold any intangible assets, hence reporting under clause 3(i)(a)(B) of the Order is not applicable.
- (b) The property, plant and equipment and investment property are physically verified by the Management according to a phased program designed to cover all the items over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program a portion of the property, plant and equipment and investment property, were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under property, plant and equipment and investment property, are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The physical verification of inventory have been conducted at reasonable intervals by the management during the year. No material discrepancies (of 10% or more in the aggregate for any class of inventory) were noticed on such physical verification.
- (b) The company has not been sanctioned working capital limits in excess of five crore rupees in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. The Company has made investments in and granted unsecured loans to, companies, firms and other parties, during the year. The Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.
- (a) During the year, the Company has provided loans to other companies, in respect of which -
 - (A) with respect to unsecured loans to subsidiary and associate the aggregate amount of the loan given during the year is ₹ 1,178.84 lakhs and the balance outstanding at the balance sheet date is ₹ 2,312.30 lakhs.

- (B) The company has not granted loans during the year to parties other than subsidiaries, joint ventures and associates. Hence reporting under clause 3(iii)(a)(B) of the Order is not applicable.
- (b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
- (c) In respect of unsecured loans granted during the year by the Company, schedule for payment of interest is stipulated and interest payment is regular; however, no schedule for repayment of principal has been stipulated. Therefore, in absence of stipulation of repayment terms we do not make any comment on the regularity of repayment of principal.
- (d) In respect of loans granted by the Company during the year, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) During the year, no loan granted by the Company, which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) The Company has granted loans repayable on demand. The aggregate amount of such loan outstanding and percentage thereof to the total loans granted, as on balance sheet date is ₹ 2,312.30 lakhs and 76.72% respectively. No loan is granted to Promoters. Aggregate amount of loans granted to related parties as defined in clause (76) of section 2 of the Companies Act, 2013 is ₹ 2,193.80 lakhs.
- iv. The Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided, as applicable.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii. (a) In our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and service tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other material statutory dues, as applicable, with the appropriate authorities.
- (b) There are no dues of goods and service tax, provident fund, employees' state insurance, income-tax, duty of customs, duty of excise, service tax, sales tax, cess which have not been deposited on account of any dispute.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) The Company has not taken any loans or other borrowings from any lender and there are no outstanding loans at the beginning of the year. Hence reporting under clause 3(ix)(a), (c), (d) & (e) of the Order is not applicable.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

- x. (a) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) during the year. Hence, reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) No whistle blower complaints received by the Company during the year (and upto the date of this report). Hence reporting under clause 3(xi)(c) of the Order is not applicable.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him during the year. Accordingly, the provisions of section 192 of the Act are not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) There are three CICs (Core Investment Company) within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016).
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

xx. There are no unspent amounts towards Corporate Social Responsibility (CSR) nor there is any ongoing project. Accordingly, reporting under clause 3(xx)(a) & (b) of the Order is not applicable for the year.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in the Independent Auditors' Report of even date to the members of AMJ Land Holdings Limited on the standalone financial statements for the year ended March 31, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of AMJ Land Holdings Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements as on and for the year ended 31st March, 2022**Note 1: General information about the Company:**

AMJ Land Holdings Limited (the “Company”) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The registered office of the Company is located at Thergaon, Pune-411033, Maharashtra, India. The Company is primarily engaged in the business of - leasing of real estate, wind power and real estate development (through subsidiaries).

The standalone financial statements were authorised for issue in accordance with resolution passed by the Board of Directors of the Company on May 16, 2022.

Note 2: Summary of significant accounting policies:**a. Basis of preparation**

The standalone financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act.

Till March 31, 2021 the Company accounted its investment of 50% capital in the jointly controlled firm M/s. AMJ Land Developers (formerly M/s. Pudumjee- G: Corp Developers) (the “Firm”) in accordance with Ind AS - 111 Joint Arrangements. Thereby, the Company’s share in the assets, liabilities, revenue and expenses of the Firm, was accounted in the standalone financial statements of the Company. On April 1, 2021, the Company invested additional amount and acquired 95% capital of the Firm, thereby making it a subsidiary of the Company, to be consolidated as per Ind AS 110 - Consolidated Financial Statements.

Hence, with effect from April 1, 2021 the joint operation accounting as per Ind AS 111 was not applicable and discontinued. As per Ind AS 27 - Separate Financial Statements, the investment in subsidiary is carried at cost in the standalone financial statement. As an effect of above, the standalone financial statement for the current year are not comparable with the comparatives of previous year presented.

b. Historical cost and Fair value

The financial statements have been prepared on the historical cost basis except for -

- (i) certain fixed assets (PP&E) converted into stock-in-trade in year 2013-14 as explained in note 6(a) and;
- (ii) certain financial instruments that are measured at fair values at the end of each reporting period in accordance with Ind AS 109, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either, in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

C. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within the operating cycle or twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within the operating cycle or twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of the agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realisation of the project into cash and cash equivalents and range from 3 to 8 years. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of 12 months.

d. Revenue Recognition

The Company derives revenues primarily from leasing of real estate, from sale of wind power and renewable energy certificates (REC).

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment i.e. adjusted for discounts, incentive, time value of money and excluding taxes or duties collected on behalf of the government. No element of financing deemed present, as the sales are made with a credit term consistent with market practice. Further the Company charges interest to customers on delayed payment, if any.

Revenue from lease of real estate, arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms. Refer note 2(j) below for lease accounting.

Revenue from the sale of wind power is recognised when earned on the basis of contractual arrangement with the customers and reflects the value of electric units supplied including an estimated value of units supplied to the customers between the date of their last meter reading and year end.

Income from ancillary revenue-generating activities, i.e. share of profit/(loss) from real estate project through the partnership firm and REC received for wind power generated is recognised as Other operating revenue.

e. Other income

Other gains/ (loss)

Profit from sale/transfer of investments and other assets is recognised only when the transfer is complete, i.e. when the transferee obtains control and legal title for the asset and when there is no uncertainty on the amount and timing of receipt of the sale consideration. The recording of profit from sale/transfer is postponed until then.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Interest income is included in other income in the statement of profit and loss.

Dividends

Income from dividend on investments is accrued in the year in which it is declared, whereby the Company's right to receive is established.

f. Trade receivables and Contract balances

The company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue. A receivable is a right to consideration that is unconditional upon passage of time.

g. Property, plant and equipment

Property, plant and equipment, Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred. No decommissioning liabilities are expected or be incurred on the assets of plant and equipment.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset Category	Useful Life considered	Useful life as per Schedule II
Building	30	30
Plant and Machinery	25	25
Vehicles	8	8
Furniture and Fixture	10	10

The Company, based on technical assessment made by technical expert and management estimate, depreciates all the assets over estimated useful life which is also the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

h. Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company for use in business is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Investment properties are stated at cost less accumulated depreciation (as applicable to building component) and accumulated impairment loss, if any.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

The Company, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 30 years, which is also the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

i. Inventory

Inventory comprises of stock of raw material, completed properties for sale and properties under construction. Construction work-in-progress comprises cost of land, development rights, construction and development cost, cost of material, services and other overheads related to projects under construction. Inventory is valued at cost or net realizable value whichever is lower.

The land and certain land development rights (TDR) converted from fixed asset into stock-in-trade after revaluing those fixed assets. Such land and land development rights held as stock-in-trade are carried at that revalued amount of those fixed assets. Development expenses incurred on the land including directly related overheads are accounted in inventory as 'Stock in trade - other development', and carried at cost.

j. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly stated in the arrangement.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. The arrangements, in which the Company is a lessor doesn't qualify as finance lease and hence are all operating lease.

When the lease include both land and building element, the Company assess classification of each element as a finance lease or an operating lease based on guidance from Ind AS 116. Whenever necessary in order to classify and account for a lease of land and buildings, lease payments are allocated between the land and the buildings elements in proportion to the relative fair values of the leasehold interests in the land element and buildings element of the lease at the inception date. If the lease payments cannot be allocated reliably between these two elements, the entire lease is classified as a finance lease, unless it is clear that both elements are operating leases, in which case the entire lease is classified as an operating lease.

For a lease of land and buildings in which the amount for the land element is immaterial to the lease, then the land and buildings as a single unit for the purpose of lease classification and the lease is classified as a finance lease or an operating lease applying guidance from Ind AS 116. In such case the Company regard the economic life of the buildings as the economic life of the entire underlying asset.

k. Taxes

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss of the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rate enacted or substantially enacted at the reporting date.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which those can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

I. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. Contingent liability

Contingent liabilities are disclosed in the notes, if any. Contingent liabilities are disclosed for

- i. possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- ii. present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made..

n. Employee benefits

Short-term obligations

Short-term employee benefits are expensed as the related service is provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within one year after the end of the period in which the employees render the related service are the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefits obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non-current based on actuarial valuation report.

Post-employment obligations

The Company operates the following post-employment schemes:

- i. defined benefit plan – gratuity; and
- ii. defined contribution plans such as provident fund and superannuation fund.

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. If the fair value of plan assets exceeds the present value of the defined benefit obligation at the end of the balance sheet date, then excess is recognized as an asset to the extent that it will lead to, for example, a reduction in future contribution to plan asset.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

Retirement benefit in the form of provident fund and superannuation fund are defined contribution schemes. The Company has no obligation, other than the contribution payable to the provident fund and superannuation fund. The Company recognizes contribution payable to the provident fund and superannuation fund as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

o. Financial instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value, except for investment in subsidiaries, associates or joint venture where the Company has availed option to recognise the same at cost in separate financial statements.

The classification depends on the Company's business model for managing the financial asset and the contractual terms of the cash flows. The Company classifies its financial assets in the following measurement categories:

- i. to be carried at fair value through other comprehensive income (FVOCI),
- ii. to be carried at fair value through profit or loss (FVPL),
- iii. to be carried at amortised cost, and
- iv. to be carried at cost.

Subsequent measurement

For financial assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. Other financial assets are measured at amortised cost, using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss.

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss financial assets that are not fair valued.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables; and all lease receivables resulting from transactions within the scope of Ind AS 116. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized, is recognized under the head 'other expenses' in the statement of profit and loss.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

De-recognition of financial assets

The Company derecognizes a financial asset when -

- i. the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109.
- ii. it retains contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to extent of continuing involvement in the financial asset.

Financial liabilitiesInitial recognition

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification, as described below:

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within one year after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

p. Earnings per share

The basic earnings per share is computed by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The Company does not have any potential equity share or warrant outstanding for the periods reported, hence diluted earnings per share is same as basic earnings per share of the Company.

q. Segment reporting

Where a financial report contains both consolidated financial statements and separate financial statements of the parent, segment information needs to be presented only in case of consolidated financial statements. Accordingly, segment information has been provided only in the consolidated financial statements.

r. Critical accounting estimates and judgements

Impairment of financial assets

The Company estimates the collectability of Loan receivables, Trade receivables and Investments by analysing historical payment patterns, credit-worthiness of party and current economic trends. If the financial condition of the party deteriorates, additional allowances may be required.

Income Taxes

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Defined benefit obligation

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, employee turnover rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

s. Standards issued but not yet effective

On March 23, 2022, the Ministry of Corporate Affairs (MCA) notified Companies (Indian Accounting Standards) Amendment Rules, 2022 effective from 1 April 2022, to further amend the Companies (Indian Accounting Standards) Rules, 2015 by making amendments to –

Ind AS 101 - First-time adoption of Indian Accounting Standards

Ind AS 103 - Business Combinations

Ind AS 109 – Financial Instruments

Ind AS 16 - Property, Plant and Equipment

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

Ind AS 41 – Agriculture

The amendments are not significant. Hence, they are not expected to have a material impact on the standalone financial statements of the Company.

(d) Estimation of fair value

The frequency of valuations depends upon the changes in fair values of the items of investment property being valued. Since frequent valuations are unnecessary, with only insignificant changes in fair value, the company obtains independent valuation for its investment properties once in five years, from registered valuers. The fair market value is done by valuers is based on physical inspection of properties and using comparable transfer instances of the similar type of properties of nearby locations, and with the prevailing market rates. Appropriate depreciation is considered for buildings.

(i) Leave obligations -

The leave obligation covers the Company's liability for accumulated leaves that can be encashed or availed. The company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non current based on actuarial valuation report.

(ii) Defined benefit plans:

- a** Gratuity - The Company provides for gratuity for employees as per the terms of employment. Employees who are in continuous service at least for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is calculated at the last drawn monthly basic salary multiplied by 15 days salary for each completed years of service of the employee. The scheme is funded with Life Insurance Corporation of India (LIC).

In addition, employees who have completed 20 years of service are eligible to additional gratuity computed at last drawn monthly basic salary multiplied by 7 days salary for each completed years of service of the employee. The additional gratuity benefit is unfunded.

aa The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

The net liability disclosed above relates to unfunded plan. The Company has no legal obligation to settle the deficit in the unfunded plans with an immediate contribution or additional contribution. The Company intends to contribute in line with the recommendations of the fund administrator and the actuary.

ab As at March 31, 2022 and March 31, 2021, plan assets were invested in funds managed by insurer (LIC).

ac Through its defined benefit plans, the group is exposed to number of risks, the most significant of which are detailed below:

Asset Volatility: The Plan liabilities are calculated using a discount rate set with reference to government bond yields. If plan assets under perform, this yield will create a deficit. The plan asset investments are in funds managed by insurer. These are subject to interest rate risk.

Changes in bond yield: A decrease in government bond yields will increase plan liabilities, although this may be partially offset by an increase in the returns from plan asset.

b Defined benefit liability and employer contributions:

ba The Company ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within the framework, the Company's ALM objective is to match assets to the gratuity obligations by investing in funds with LIC in the form of a qualifying insurance policy.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the process used to manage its risks from previous periods.

bb The Company expects to contribute ₹ 8 lakhs to the defined benefit plan during the next annual reporting period.

bc The weighted average duration of the defined benefit obligation is 6.27 years (2021: 7.55 years). The expected maturity analysis of undiscounted pension and gratuity is as follows:

	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
31-Mar-22

Rate of Employee Turnover	7.50%	4.00%

Notes to the financial statements as on and for the year ended 31st March, 2022

(All amounts in INR lakhs unless otherwise stated)

Note 10 (Contd...)

*Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.

** The overall expected rate of return on assets is based on the expectation of the average long term rate of return expected on investments of the Fund during the estimated term of the obligations.

*** The estimates of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

bi Sensitivity analysis - the increase / (decrease) in present value of defined benefit obligation to changes in principal assumptions:

Particulars	31-Mar-22		31-Mar-21	
	Amount	%	Amount	%
- 1% increase in discount rate	(5.51)	-2.59%	(6.25)	-3.58%
- 1% decrease in discount rate	5.72	2.69%	6.59	3.78%
- 1% increase in salary escalation rate	3.64	1.71%	4.84	2.77%
- 1% decrease in salary escalation rate	(3.60)	-1.69%	(4.70)	-2.70%
- 1% increase in rate of employee turnover	(0.01)	-0.01%	(0.08)	-0.05%
- 1% decrease in rate of employee turnover	0.01	0.01%	0.09	0.05%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated.

(iii) Defined contribution plans:

The Company also has certain defined contribution plans. Contributions are made to recognised funds for employees at the prescribed rate of basic salary as per regulations. The contributions are made to registered funds administered/ approved by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. In respect of these plans, contributions paid and recognised in the Statement of profit and loss are as follows:

b) Fair Value Hierarchy:-

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

There have been no transfers between levels during the period.

Notes to the financial statements as on and for the year ended 31st March, 2022

(All amounts in INR lakhs unless otherwise stated)

c) Valuation technique used to determine fair value

Level 1: This hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchange is valued using the closing price as at the reporting period. The fair value of all mutual funds are arrived at by using closing Net Asset Value published by the respective mutual fund houses.

Level 2: Fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument as observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable data, the instrument is included in level 3. This is the case for unlisted equity securities.

d) As per Ind AS 107 "Financial Instrument: Disclosure", fair value disclosures are not required when the carrying amounts reasonably approximate the fair value. Accordingly fair value disclosures have not been made for the following financial instruments:-

1. Trade receivables
2. Cash and cash equivalent
3. Other bank balances
4. Security deposits
5. Interest accrued
6. Other payables
7. Borrowings
8. Trade payables
9. Unpaid dividends
10. Employee dues

Note 24:-FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Company.

a. MANAGEMENT OF CREDIT RISK

Credit risk is the risk that a counterparty will not meet its obligations under a contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities and from its investing activities, including loans, deposits with banks and other financial instruments.

i) Trade Receivables

Trade receivables are generally unsecured. Customer credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. For real estate project the Company's average execution cycle ranges from 12 to 36 months based on the nature of project. The company's credit period generally ranges from 15-60 days.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables, as explained in note 2(o).

Notes to the financial statements as on and for the year ended 31st March, 2022

(All amounts in INR lakhs unless otherwise stated)

During the period, the Company made no write-offs of trade receivables. It does not expect to receive future cash flows or recoveries from receivables previously written off.

ii) Other financial assets:-

The Company maintains exposure in cash and cash equivalents, loans and investment in group companies, investments in money market, mutual funds etc. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Other financial assets that are potentially subject to credit risk consists of inter corporate loans. The company assesses the recoverability from these financial assets on regular basis. Factors such as business and financial performance of counterparty, their ability to repay, regulatory changes and overall economic conditions are considered to assess future recoverability. The company charges interest on such loans at arms length rate considering counterparty's credit rating. Based on the assessment performed, the company considers all the outstanding balances of such financial assets to be recoverable as on balance sheet date and no provision for impairment is considered necessary.

The Company's maximum exposure to credit risk is the carrying value of each class of financial assets.

iii) Reconciliation of loss allowance provision:

Particulars	Trade receivables	Other financial assets
Loss allowance on 1 April 2021	(25.99)	-
Changes in loss allowance	-	-
Loss allowance on 31 March 2022	(25.99)	-

b. MANAGEMENT OF LIQUIDITY RISK

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses or risking damage to company's reputation. In doing this, management considers both normal and stressed conditions.

Management monitors the rolling forecast of the company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The company has access to funds from debt markets through loan from banks .The company invests its surplus funds in bank deposits and debt based mutual funds.

Total Liabilities	1,253.97	1,277.04	878.89	398.15	-	-

c. MANAGEMENT OF MARKET RISK:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

i.) Currency Risk and sensitivity:-

The Company does not have any currency risk as all operations are within India.

ii.)Interest Rate Risk and Sensitivity:-

Interest rate risk is the risk that the fair value or future cash flows on a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the company's interest rate position. Various variables are considered by the management in structuring the company's investment to achieve a reasonable ,competitive, cost of funding.

Exposure to interest rate risk

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31-Mar-22	31-Mar-21
<u>Financial Liabilities</u>		
Variable rate instruments	-	1,100.34
Total	-	1,100.34
<u>Financial Assets</u>		
Variable rate instruments	3,014.04	2,802.42
Total	3,014.04	2,802.42

Notes to the financial statements as on and for the year ended 31st March, 2022

(All amounts in INR lakhs unless otherwise stated)

Cash flow sensitivity analysis for variable rate instruments:-

Profit or loss is sensitive to higher/lower interest income/expense from loans/borrowings as a result of changes in interest rates.

Particulars	Profit /(loss)	
	100bp increase	100bp decrease
March-22		
Financial Assets (Variable rate instruments)	30.14	(30.14)
	30.14	(30.14)
March-21		
Financial liabilities (Variable rate instruments)	(11.00)	11.00
Financial Assets (Variable rate instruments)	28.02	(28.02)
	17.02	(17.02)

The company does not have any additional impact on equity other than impact on retained earnings.

iii) Price Risk and Sensitivity:

The Company is mainly exposed to the price risk due to its investment in debt mutual funds and investment in equity instruments carried at FVOCI. The price risk arises due to uncertainties about the future market values of these investments. As on 31st March 2022, the investments in debt mutual funds amounts to ₹ 54.01 lakhs (31-Mar-2021: ₹ 328.86 lakhs) and the investment in equity instruments carried at FVOCI is ₹ 2461.05 lakhs (31-Mar-2021: ₹ 1494.65 lakhs). These investments are exposed to price risk. Change in price of liquid mutual funds are very minimal, hence not considered in price risk disclosure.

The Company has laid policies and guidelines which it adheres to in order to minimise price risk arising from investments in debt mutual funds.

A 1% increase in prices would have led to approximately an additional ₹ 0.54 lakhs gain in the Statement of profit and loss and (31-March-2021: ₹ 3.29 lakhs gain). A 1% decrease in prices would have led to an equal but opposite effect.

The company also have investment in equities of other companies. The company treats the investment as strategic and thus fair value the investment through OCI. Thus the changes in the market price of the securities are reflected under OCI and hence not having impact on profit and loss. The profit or loss on sale will be considered at the time of final disposal or transfer of the investment. Also investment in associates, subsidiaries and joint venture are carried at cost.

Note 25:- Capital Risk Management**(a) Risk management**

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. Net debt comprises of long term and short term borrowings less cash and bank balances and liquid investments. Equity includes equity share capital and other equity that are managed as capital.

INDEPENDENT AUDITOR'S REPORT

To The Members of AMJ Land Holdings Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of AMJ Land Holdings Limited ("the Company"), its subsidiaries (the Company and its subsidiaries together referred to as "the Group"), its associates and joint venture, which comprise the consolidated balance sheet as at March 31, 2022, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2022, the consolidated profit and total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company, its associates and jointly controlled entities in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Loans given to associate company – classification, measurement and impairment</p> <p>The Company has given loan to Biodegradable Products India Limited (<i>formerly Pudumjee Plant Laboratories Limited</i>) (the "associate company") in previous years and total loan outstanding as on March 31, 2022 is ₹ 2,193.80 lakhs. Fixed repayment-terms of the loan not defined however the loan is repayable on demand. The same is classified as "Loans" in "Current financial assets" and measured at amortised cost using effective interest rate based on management's estimate.</p>	<p>Our procedure included, but were not limited to the following:</p> <ul style="list-style-type: none"> • We considered the business model and terms of the financial assets considering rights and obligation of the Company and the associate company. • Obtained independent valuation report containing valuation of assets, including investment properties, of the associate company. Assessed the professional competence, objectivity and capabilities of the valuation specialist engaged by the management. Assessed reasonableness of the assumptions used.

Key Audit Matter	Auditor's Response
<p>Management has evaluated and concluded that such loan is not long-term interests that, in substance, form part of the Company's net investment in the associate company.</p> <p>Based on the valuation report of the valuation specialist engaged by the management, and based on management estimate, no impairment considered necessary for the investments made in associate company.</p> <p>Refer note 5(c) and note 24(a) of the consolidated financial statements.</p>	<ul style="list-style-type: none"> ● We have considered the managements representation regarding obtaining future planned repayment of the short term loan given. ● We have assessed the appropriateness disclosures given in the consolidated financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report but does not include the consolidated financial statements, standalone financial statements, and our auditor's report thereon.

The Annual Report is expected to be made available to us after the date of our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, the consolidated profit and total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Management and Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and the Board of Directors of the entities included in the Group are responsible for assessing the ability of each company/entity, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/Management either intends to liquidate the Company/entity or to cease operations, or has no realistic alternative but to do so.

The respective Management and Board of Directors of the entities included in the Group are also responsible for overseeing the financial reporting process of each company/entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole

are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiaries companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of one subsidiary entity. The consolidated financial statements include the Group's share of its total assets of ₹ 4,737.03 lakhs as at March 31, 2022, total revenue of ₹ 2,442.59 lakhs, total comprehensive income (comprising of net profit after tax and other comprehensive income) of ₹ 332.09 lakhs and cash flows (net) of ₹ 601.33 lakhs for the year ended on that date. The consolidated financial statements also include the Group's share of total comprehensive income (comprising of profit/ (loss) and other comprehensive income) of ₹ (73.03) lakhs for the year ended March 31, 2022 in respect of one joint venture whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements and our report in terms of sub-sections (3) of Section 143 of the Act, insofar as it relates to the amounts and disclosures included in respect of these entities, is based solely on the reports of the other auditors.

The consolidated financial statements also include the Group's share of total comprehensive income of a firm M/s. Prime Mall Developers ("the Other Entity"), which is an associate of the Company's associate company Biodegradable Products India Limited (*formerly Pudumjee Plant Laboratories Limited*) (the "Associate Company"). The consolidated financial statements include the Company's share of total comprehensive income [comprising of profit/ (loss) and other comprehensive income/ (loss)] of ₹ (0.38) lakhs for the year ended March 31, 2022 in respect of the Other Entity. This unaudited financial statements/financial information have been furnished to us by the Board of Directors, and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of the Other Entity is based solely on such unaudited financial statements/financial information. In our opinion and according to the information and explanations given to us by the Board of Directors, such unaudited financial statements/financial information is not material to the Company and the Associate Company.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in paragraphs 3(xi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flow statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Company as on March 31, 2022 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiaries companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:
- In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 read with Schedule V of the Act.
- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the Company.
 - ii. The Company did not have any long-term contracts including derivative contracts as at March 31, 2022.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The dividend proposed in the previous year ended March 31, 2021, declared and paid by the Company during the current year ended March 31, 2022 is in accordance with Section 123 of the Act, as applicable.
- vi. The Board of Directors of the Company have proposed dividend for the current year ended March 31, 2022 which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of Dividend Proposed is in accordance with Section 123 of the Act, as applicable.

Annexure A to Independent Auditors' Report

Referred to in the Independent Auditors' Report of even date to the members of AMJ Land Holdings Limited on the consolidated financial statements for the year ended March 31, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of AMJ Land Holdings Limited (hereinafter referred to as "the Company") and its subsidiary company which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company and its subsidiary company which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the consolidated financial statements as on and for the year ended 31st March, 2022**Note 1: General information about the Group:**

The consolidated financial statements comprise financial statements of AMJ Land Holdings Limited ("the Company") and its subsidiaries (collectively, "the Group"), its associates and joint venture for the year ended 31 March 2022.

The Company is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The registered office of the Company is located at Thergaon, Pune-411033, Maharashtra, India. The Group is primarily engaged in the business of real estate development, leasing of real estate, wind power and investments.

The consolidated financial statements were authorised for issue in accordance with resolution passed by the Board of Directors of the Company on May 16, 2022.

Note 2: Summary of significant accounting policies:**a. Basis of preparation**

The consolidated financial statements of the Group comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The consolidated financial statements have been prepared on the historical cost basis except for a land converted into stock-in-trade as explained in note 6, and certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either, in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

b. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries, associates, and joint venture as at 31 March 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Company controls an investee if and only if the Company has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

Till March 31, 2021 the Company accounted its investment of 50% capital in the jointly controlled firm M/s. AMJ Land Developers (*formerly M/s. Pudumjee G: Corp Developers*) (the “Firm”) in accordance with Ind AS - 111 Joint Arrangements. Thereby, the Company’s share in the assets, liabilities, revenue and expenses of the Firm, was accounted in the standalone financial statements of the Company. On April 1, 2021, the Company invested additional amount and acquired 95% capital of the Firm, thereby making it a subsidiary of the Company, to be consolidated as per Ind AS 110 - Consolidated Financial Statements.

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control/ joint control over the subsidiary/ joint venture/ joint operation and ceases when the Group loses control/ joint control of the subsidiary/ joint venture/ joint operation.

Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member’s financial statements in preparing the consolidated financial statements to ensure conformity with the Company’s accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March.

Consolidation procedure:

Subsidiary

The Company combines the financial statements of the parent and its subsidiary on line-by-line adding together like items of assets, liabilities, equity, income and expenses. Inter company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

The carrying amount of the parent’s investment in subsidiary would offset (elimination) the parent’s portion of equity in subsidiary. The excess of the cost to the company of its investment in the subsidiary over the company’s portion of equity of the subsidiary on the acquisition date is recognised in the financial statements as goodwill and is tested for impairment annually. The excess of company’s portion of equity of the subsidiary over the cost of investment therein is treated as capital reserve.

Associates/ Joint Venture

The Group’s investment in its associates/ joint venture is accounted for using the equity method. Under the equity method, the investment in associates/ joint venture is initially recognised at cost, identifying any goodwill/capital reserve arising at the time of acquisition. The carrying amount of the investment is adjusted to recognise changes in the Group’s share of net assets of the associates/ joint venture post acquisition date. Goodwill relating to the associates/ joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group’s share of the results of operations of the associates/ joint venture. Any change in OCI of those investees is presented as part of the Group’s OCI. In addition, when there has been a change recognised directly in the equity of the associates/ joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associates/ joint venture are eliminated to the extent of the interest in the associates/ joint venture.

If an entity’s share of losses of an associate/ joint venture equals or exceeds its interest in the associate/ joint venture (which includes any long term interest that, in substance, form part of the Group’s net investment in the associate/ joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate/ joint venture. If the joint venture subsequently reports profits, the entity resumes recognising its share of

those profits only after its share of the profits equals the share of losses not recognised.

Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intra-group transactions.

c. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within the operating cycle or twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within the operating cycle or twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The normal operating cycle in respect of operation relating to under construction real estate project depends on signing of the agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed and realisation of the project into cash and cash equivalents and range from 3 to 7 years. Accordingly, project related assets and liabilities have been classified into current and non-current based on operating cycle of respective projects. All other assets and liabilities have been classified into current and non-current based on a period of 12 months.

d. Revenue Recognition

The Group derives revenues primarily from real estate projects i.e. construction and sale of real estate properties, and from leasing of real estate (together called as "Real estate business"). And from sale of wind power and renewable energy certificates (REC) (together called as "Wind power business").

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment i.e. adjusted for discounts, incentive, time value of money and excluding taxes or duties collected on behalf of the government. No element of financing deemed present, as the sales are made with a credit term consistent with market practice. Further the Group charges interest to customers on delayed payment, if any.

Revenue from real estate projects, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

Costs/ input expended have been used to measure progress towards completion as there is a direct relationship between cost incurred and creation/enhancement of asset (i.e. property). As per this method, revenue from sale of properties is recognised in proportion to the actual cost incurred as against the total estimated cost of projects

under execution.

Determination of revenues under the percentage of completion method necessarily involves making estimates, some of which are of technical nature. The estimates of project cost and the revenue thereon are reviewed periodically by management and the cumulative effect of any changes in estimates is recognised in the period in which such changes are determined. Where it is probable that total project expenses will exceed total revenues from a project, the expected loss is recognised immediately as an expense in the statement of profit and loss.

Revenue from lease of real estate, arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms.

Revenue from the sale of wind power is recognised when earned on the basis of contractual arrangement with the customers and reflects the value of electric units supplied including an estimated value of units supplied to the customers between the date of their last meter reading and year end.

e. Other income

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. Interest income is included in other income in the statement of profit and loss.

Dividends

Income from dividend on investments is accrued in the year in which it is declared, whereby the Group's right to receive is established.

f. Trade receivables and Contract balances

The Group classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue. A receivable is a right to consideration that is unconditional upon passage of time.

Revenue from real estate projects contracts is based on percentage of completion method. Invoicing to the customers is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues). Trade receivable and unbilled revenues are presented net of impairment, if any in the Balance Sheet.

g. Property, plant and equipment

Property, plant and equipment, Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the property, plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit or loss as incurred. No decommissioning liabilities are expected or be incurred on the assets of plant and equipment.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset Category	Useful Life considered	Useful life as per Schedule II
Building	30	30
Plant and Machinery	25	25
Vehicles	8	8
Furniture and Fixture	10	10

The Group, based on technical assessment made by technical expert and management estimate, depreciates all the assets over estimated useful life which is also the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

AMJ LAND HOLDINGS LIMITED

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

h. Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment properties are measured initially at cost, including transaction costs. Investment properties are stated at cost less accumulated depreciation (as applicable to building component) and accumulated impairment loss, if any.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

The Group, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 30 years, which is also the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

i. Inventory

Inventory comprises of stock of raw material, completed properties for sale and properties under construction. Construction work-in-progress comprises cost of land, development rights, construction and development cost, cost of material, services and other overheads related to projects under construction. Inventory is valued at cost or net realizable value whichever is lower.

The land and certain land development rights (TDR) converted from fixed asset into stock-in-trade after revaluing those fixed assets. Such land and land development rights held as stock-in-trade are carried at that revalued amount of those fixed assets. Development expenses incurred on the land including directly related overheads are accounted in inventory as 'Stock in trade - other development', and carried at cost.

j. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly stated in the arrangement.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. The arrangements, in which the Group is a lessor doesn't qualify as finance lease and hence are all operating lease.

When the lease include both land and building element, the Group assess classification of each element as a finance lease or an operating lease based on guidance from Ind AS 116. Whenever necessary in order to classify and account for a lease of land and buildings, lease payments are allocated between the land and the buildings elements in proportion to the relative fair values of the leasehold interests in the land element and buildings element of the lease at the inception date. If the lease payments cannot be allocated reliably between these two elements, the entire lease is classified as a finance lease, unless it is clear that both elements are operating leases, in which case the entire lease is classified as an operating lease.

For a lease of land and buildings in which the amount for the land element is immaterial to the lease, then the land and buildings as a single unit for the purpose of lease classification and the lease is classified as a finance lease or an operating lease applying guidance from Ind AS 116. In such case the Group regard the economic life of the buildings as the economic life of the entire underlying asset.

k. Taxes**Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss of the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rate enacted or substantially enacted at the reporting date.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which those can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable Group and the same taxation authority.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively

l. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. Provisions and Contingent liability

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in the notes, if any. Contingent liabilities are disclosed for

- i. possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- ii. present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

n. Employee benefits**Short-term obligations**

Short-term employee benefit are expensed as the related service is provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within one year after the end of the period in which the employees render the related service are the end of the reporting period and are measured at the

AMJ LAND HOLDINGS LIMITED

amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The Group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non current based on actuarial valuation report.

Post-employment obligations

The Group operates the following post-employment schemes:

- i. defined benefit plan – gratuity; and
- ii. defined contribution plans such as provident fund and superannuation fund.

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. If the fair value of plan assets exceeds the present value of the defined benefit obligation at the end of the balance sheet date, then excess is recognized as an asset to the extent that it will lead to, for example, a reduction in future contribution to plan asset.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

Retirement benefit in the form of provident fund and superannuation fund are defined contribution schemes. The Group has no obligation, other than the contribution payable to the provident fund and superannuation fund. The Group recognizes contribution payable to the provident fund and superannuation fund as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

o. Financial instruments

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value, except for investment in subsidiaries, associates, joint operation or joint venture where the Group has availed option to recognise the same at cost in separate financial statements.

The classification depends on the Group's business model for managing the financial asset and the contractual terms of the cash flows. The Group classifies its financial assets in the following measurement categories:

- i. to be carried at fair value through other comprehensive income (FVOCI),
- ii. to be carried at fair value through profit or loss (FVPL),
- iii. to be carried at amortised cost

Subsequent measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. All other financial assets are measured at amortised cost, using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss.

Impairment of financial assets

The Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss financial assets that are not fair valued.

The Group follows 'simplified approach' for recognition of impairment loss for trade receivables that have no significant financing component. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized, is recognized under the head 'other expenses' in the statement of profit and loss.

The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

De-recognition of financial assets

The Group derecognizes a financial asset when -

- i. the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109.
- ii. it retains contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to extent of continuing involvement in the financial asset.

Financial liabilities

Initial recognition

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification, as described below:

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within one year after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

p. Earnings per share

The basic earnings per share is computed by dividing the net profit for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Group does not have any potential equity share or warrant outstanding for the periods reported, hence diluted earnings per share is same as basic earnings per share of the Group.

q. Segment reporting

Where a financial report contains both consolidated financial statements and separate financial statements of the parent, segment information needs to be presented only in case of consolidated financial statements. Accordingly, segment information has been provided only in the consolidated financial statements.

r. Critical accounting estimates and judgements

Revenue recognition

The Group uses percentage of completion method in accounting for real estate construction contracts, since it is concluded that in such contracts the performance obligation is satisfying over time. Use of the percentage of completion method requires the Group to estimate the costs expended to date as a proportion of the total costs to be expended. Costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

Impairment of financial assets

The Group estimates the collectability of Loan receivables by analysing historical payment patterns, credit-worthiness of party and current economic trends. If the financial condition of the party deteriorates, additional allowances may be required.

Income Taxes

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Defined benefit obligation

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, employee turnover rate and mortality rates. Due to the complexities involved in the valuation and its

long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

s. Standards issued but not yet effective

On March 23, 2022, the Ministry of Corporate Affairs (MCA) notified Companies (Indian Accounting Standards) Amendment Rules, 2022 effective from 1 April 2022, to further amend the Companies (Indian Accounting Standards) Rules, 2015 by making amendments to –

Ind AS 101 - First-time adoption of Indian Accounting Standards

Ind AS 103 - Business Combinations

Ind AS 109 – Financial Instruments

Ind AS 16 - Property, Plant and Equipment

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

Ind AS 41 – Agriculture

These amendments are not expected to have a material impact on the consolidated financial statements of the Group.

d) Estimation of fair value

The frequency of valuations depends upon the changes in fair values of the items of investment property being valued. Since frequent valuations are unnecessary, with only insignificant changes in fair value, the company obtains independent valuation for its investment properties once in five years, from registered valuers. The fair market value is done by valuers is based on physical inspection of properties and using comparable transfer instances of the similar type of properties of nearby locations, and with the prevailing market rates. Appropriate depreciation is considered for buildings.

(i) Leave obligations -

The leave obligation covers the Group's liability for accumulated leaves that can be encashed or availed. The Group does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months and accordingly amounts have been classified as current and non current based on actuarial valuation report.

**Notes to the Consolidated financial statements as on and for the year ended
31st March, 2022**

(All amounts in INR lakhs unless otherwise stated)

(ii) Defined benefit plans:

- a** Gratuity - The Group provides for gratuity for employees as per the terms of employment. Employees who are in continuous service at least for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is calculated at the last drawn monthly basic salary multiplied by 15 days salary for each completed years of service of the employee. The scheme is funded with Life Insurance Corporation of India (LIC).

In addition, employees who have completed 20 years of service are eligible to additional gratuity computed at last drawn monthly basic salary multiplied by 7 days salary for each completed years of service of the employee. The additional gratuity benefit is unfunded.

- aa The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:**

Particulars	Gratuity

Contributions - employee /participant	-	-	-
Benefit payments	1.92	(1.92)	-
March 31, 2022	212.52	160.52	52.00

The net liability disclosed above relates to unfunded plan. The Group has no legal obligation to settle the deficit in the unfunded plans with an immediate contribution or additional contribution. The Group intends to contribute in line with the recommendations of the fund administrator and the actuary.

- ab** As at March 31, 2022 and March 31, 2021, plan assets were invested in funds managed by insurer (LIC).
ac Through its defined benefit plans, the group is exposed to number of risks, the most significant of which are detailed below:

Asset Volatility: The Plan liabilities are calculated using a discount rate set with reference to government bond yields. If plan assets underperform, this yield will create a deficit. The plan asset investments are in funds managed by insurer. These are subject to interest rate risk.

Changes in bond yield: A decrease in government bond yields will increase plan liabilities, although this may be partially offset by an increase in the returns from plan asset.

b Defined benefit liability and employer contributions:

- ba** The Group ensures that the investment positions are managed within an asset-liability matching (ALM) framework that has been developed to achieve long-term investments that are in line with the obligations under the employee benefit plans. Within the framework, the Group's ALM objective is to match assets to the gratuity obligations by investing in funds with LIC in the form of a qualifying insurance policy.

The Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Group has not changed the process used to manage its risks from previous periods.

**Notes to the Consolidated financial statements as on and for the year ended
31st March, 2022**

(All amounts in INR lakhs unless otherwise stated)

bb The Holding Company expects to contribute ₹ 8 lakhs to the defined benefit plan during the next annual reporting period.

bc The weighted average duration of the defined benefit obligation is 6.27 years (2021: 7.55 years). The expected maturity analysis of undiscounted pension and gratuity is as follows:

	Less than a year	Between 1 - 2 years	Between 2 - 5 years	Over 5 years	Total
31-Mar-22					
Defined benefit obligation gratuity	19.65	19.95	225.06	19.82	284.48

bh The principal assumptions used for the purpose of actuarial valuation are as follows:

Particulars	31-Mar-22	31-Mar-21
India		
Discount Rate *	6.90%	6.80%
Expected Rate of Return on Plan Assets **	6.80%	6.80%
Salary Escalation Rate ***	7.00%	7.00%
Rate of Employee Turnover	7.50%	4.00%

* Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.

** The overall expected rate of return on assets is based on the expectation of the average long term rate of return expected on investments of the Fund during the estimated term of the obligations.

*** The estimates of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

bi Sensitivity analysis - the increase / (decrease) in present value of defined benefit obligation to changes in principal assumptions:

Particulars	31-Mar-22		31-Mar-21	
	Amount	%	Amount	%
- 1% increase in discount rate	(5.51)	-2.59%	(6.25)	-3.58%
- 1% decrease in discount rate	5.72	2.69%	6.59	3.78%
- 1% increase in salary escalation rate	3.64	1.71%	4.84	2.77%
- 1% decrease in salary escalation rate	(3.60)	-1.69%	(4.70)	-2.70%
- 1% increase in rate of employee turnover	(0.01)	-0.01%	(0.08)	-0.05%
- 1% decrease in rate of employee turnover	0.01	0.01%	0.09	0.05%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated.

(iii) Defined contribution plans:

The Group also has certain defined contribution plans. Contributions are made to recognised funds for employees at the prescribed rate of basic salary as per regulations. The contributions are made to registered funds administered/ approved by the government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. In respect of these plans, contributions paid and recognised in the Statement of profit and loss are as follows:

Particulars	31-Mar-22	31-Mar-21
Contribution to Employees' Provident Fund	1.64	5.94
Contribution to Employees' Superannuation Fund	1.34	4.39

b) Fair Value Hierarchy:-

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Total		2,316.56	-	165.52	2,482.08

There have been no transfers between levels during the period.

c) Valuation technique used to determine fair value

Level 1: This hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchange is valued using the closing price as at the reporting period. The fair value of all mutual funds are arrived at by using closing Net Asset Value published by the respective mutual fund houses.

Level 2: Fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument as observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable data, the instrument is included in level 3. This is the case for unlisted equity securities.

d) As per Ind AS 107 "Financial Instrument: Disclosure", fair value disclosures are not required when the carrying amounts reasonably approximate the fair value. Accordingly fair value disclosures have not been made for the following financial instruments:-

1. Trade receivables
2. Cash and cash equivalent
3. Other bank balances
4. Security deposits
5. Interest accrued
6. Other payables
7. Borrowings
8. Trade payables
9. Unpaid dividends
10. Employee dues

Note 24:-FINANCIAL RISK MANAGEMENT

the Group's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risk. the Group's senior management has the overall responsibility for establishing and governing the Group's risk management framework. the Group's risk management policies are established to identify and analyze the risks faced by the Group, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Group.

a. MANAGEMENT OF CREDIT RISK

Credit risk is the risk that a counterparty will not meet its obligations under a contract, leading to a financial loss. the Group is exposed to credit risk from its operating activities and from its investing activities, including loans, deposits with banks and other financial instruments.

i) Trade Receivables

Trade receivables are generally unsecured. Customer credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business.

For real estate project the Group's average execution cycle ranges from 12 to 36 months based on the nature of project. The Group's credit period generally ranges from 15-60 days.

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables, as explained in note 2(o).

During the period, the Group made no write-offs of trade receivables. It does not expect to receive future cash flows or recoveries from receivables previously written off.

ii) Other financial assets:-

The Group maintains exposure in cash and cash equivalents, term deposits with banks, investments in money market, mutual funds. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Other financial assets that are potentially subject to credit risk consists of inter corporate loans. The Group assesses the recoverability from these financial assets on regular basis. Factors such as business and financial performance of counterparty, their ability to repay, regulatory changes and overall economic conditions are considered to assess future recoverability. The Group charges interest on such loans at arms length rate considering counterparty's credit rating. Based on the assessment performed, the Group considers all the outstanding balances of such financial assets to be recoverable as on balance sheet date and no provision for impairment is considered necessary.

The Group's maximum exposure to credit risk is the carrying value of each class of financial assets.

iii) Reconciliation of loss allowance provision:

Particulars	Trade receivables	Other financial assets
Loss allowance on 1 April 2021	(25.99)	-
Changes in loss allowance	-	-
Loss allowance on 31 March 2022	(25.99)	-

(All amounts in INR lakhs unless otherwise stated)

b. MANAGEMENT OF LIQUIDITY RISK

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. the Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses or risking damage to the Group's reputation. In doing this, management considers both normal and stressed conditions.

Management monitors the rolling forecast of the Group's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Group has access to funds from debt markets through loan from banks. The Group invests its surplus funds in bank deposits and mutual funds.

The following table shows the maturity analysis of the Group's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

c. MANAGEMENT OF MARKET RISK:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

i.) Currency Risk and sensitivity:-

The Group does not have any currency risk as all operations are within India.

ii.) Interest Rate Risk and Sensitivity:-

Interest rate risk is the risk that the fair value or future cash flows on a financial instrument will fluctuate because of changes in market interest rates. The management is responsible for the monitoring of the Group's interest rate position. Various variables are considered by the management in structuring the Group's investment to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	31-Mar-22	31-Mar-21
<u>Financial Liabilities</u>		
Variable rate instruments	731.77	1,100.33
Total	731.77	1,100.33
<u>Financial Assets</u>		
Variable rate instruments	2,895.54	2,802.42
Total	2,895.54	2,802.42

Cash flow sensitivity analysis for variable rate instruments:-

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

Particulars	Profit /(loss)	
	100bp increase	100bp decrease
March-22		
Financial liabilities (Variable rate instruments)	(7.32)	7.32
Financial Assets (Variable rate instruments)	28.96	(28.96)
	<u>21.64</u>	<u>(21.64)</u>
March-21		
Financial liabilities (Variable rate instruments)	(11.00)	11.00
Financial Assets (Variable rate instruments)	28.02	(28.02)
	<u>17.02</u>	<u>(17.02)</u>

The Group does not have any additional impact on equity other than impact on retained earnings.

iii) Price Risk and Sensitivity:

The Group is mainly exposed to the price risk due to its investment in debt mutual funds and investment in equity instruments carried at FVOCI. The price risk arises due to uncertainties about the future market values of these investments. As on 31st March 2022, the investments in debt mutual funds amounts to ₹ 54.01 lakhs (31-Mar-2021: ₹ 328.86 lakhs) and the investment in equity instruments carried at FVOCI is ₹ 2461.05 lakhs (31-Mar-2021: ₹ 1494.65 lakhs). These investments are exposed to price risk. Change in price of liquid mutual funds are very minimal, hence not considered in price risk disclosure.

Notes to the Consolidated financial statements as on and for the year ended 31st March, 2022

(All amounts in INR lakhs unless otherwise stated)

The Group has laid policies and guidelines which it adheres to in order to minimise price risk arising from investments in debt mutual funds.

A 1% increase in prices would have led to approximately an additional ₹ 0.54 lakhs gain in the Statement of profit and loss and (31-March-2021: ₹ 3.29 lakhs gain). A 1% decrease in prices would have led to an equal but opposite effect.

The Group also have investment in equities of other companies. The Group treats the investment as strategic and thus fair value the investment through OCI. Thus the changes in the market price of the securities are reflected under OCI and hence not having impact on profit and loss. The profit or loss on sale will be considered at the time of final disposal or transfer of the investment.

Note 25:- Capital Risk Management

(a) Risk management

The Group's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. Net debt comprises of long term and short term borrowings less cash and bank balances and liquid investments. Equity includes equity share capital and other equity that are managed as capital.

Note 32: Segment reporting

A. Basis of Segmentation:

The Board of Directors Holding Company examines the Group's performance based on the nature of products and services and has identified below mentioned reportable segments of its business as follows:

- (a) Real Estate Business
- (b) Wind Power Generation

Segment Revenue, Result, Assets and Liabilities include the respective amounts identifiable to each of the segments and amount allocated on a reasonable basis. Unallocated expenditure/income consist of common expenditure incurred for all the segments and expenses incurred or interest/investment income earned at corporate level. The assets and liabilities that cannot be allocated between the segments are shown as unallocated assets and unallocated liabilities respectively.

The accounting policies of the reportable segments are same of the Group's accounting policies described in Note 2. The operating segments reported are the segments of the Group for which separate financial information is available. Profit before tax (PBT) are evaluated regularly by the CODM in deciding how to allocate resources and in assessing performance. The Group's financing (including finance costs and finance income) and income taxes are reviewed on an overall basis and are not allocated to operating segments, however finance cost relating to directly attributable specific borrowing is disclosed against respective segment. Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.
